

#GATA Diction

Here we are in the new age of COVID-19. We are resilient and you are a talented group of students so we are going to kick German Diction with the second half of the semester. Knowing that you are going to be finishing this class online I want to make sure we are set up for success. I am planning on using a few free apps to facilitate our learning and so it is important that I do not create additional hardship on all in doing a number of things. Please fill out this form to provide me the information. We can do this!
